

WATER BAPTISM & THE FRIENDS, Part 1

NOTES

A common *misconception* about the Friends is that we do **not** honor the sacraments of Baptism and Communion. Friends propound that the _____ is superior to the physical.

What would be the greatest outward expression of new life in Christ? Answer: a _____ Life in Christ!

We do not believe that water baptism is _____ of Christians, but spiritual baptism is! And we believe that a _____ is also required.

Water baptism should be something that brings Christians together, but instead it often leads to _____ amongst Christians.

Where the _____ do NOT mandate, people ought NOT to mandate! In my opinion that means that **no one should be required to be water baptized, nor should anyone be required NOT to be water baptized.** Let each be true to his or her conscience.
